The Honorable Carolyn B. Maloney
Chairwoman
House Committee on Oversight and Reform
2157 Rayburn House Office Building
Washington, D.C. 20515

Dear Chairwoman Maloney,

The Committee on Oversight and Reform should immediately hold hearings to investigate the potential illegal activities revealed in the documentary film *2000 Mules*. The film exposes potentially widespread illegal activities related to the 2020 election by using geolocation information to identify thousands of individuals who delivered thousands of illegally harvested ballots to drop boxes in five states. Collecting and delivering ballots in this manner is a violation of the law in the locations where the activities occurred.

The film documents activities that raise serious questions about potential widespread coordinated efforts to illegally harvest and cast votes.

The film reveals that in the Detroit area more than 500 individuals visited an average of 100 drop boxes to deposit ballots. In the Milwaukee area, more than 100 individuals visited an average of 28 drop boxes. In the Philadelphia area, more than 1,100 individuals visited approximately 50 drop boxes each. And in the Phoenix area, more than 200 individuals visited more than 20 boxes each. Additionally, the film reveals that more than 54,000 individuals delivered votes to at least five drop boxes each in these four states. These individuals could have delivered hundreds of thousands of illegal votes in these states.

The information revealed in the film is extremely troubling and must be investigated. In fact, ballot harvesting is a violation of the law in Pennsylvania¹, Michigan², Wisconsin³, and Arizona⁴.

Under your leadership, the Committee has held hearings on the Arizona election audit and Texas' voting laws. The Committee has also devoted significant time and resources on hearings and investigations into issues such as flea and tick collars, the Washington Commanders football team, electric vehicles for the Postal Service, environmental justice, and vaping among other

topics. The illegal activity exposed in the documentary *2000 Mules* is far more serious than the aforementioned topics and must be investigated by the Committee.

We look forward to working with you to hold a hearing as soon as possible.
