Dear Mr. Blier:

We write to request an update on your progress to publicly release unclassified information contained in your March 28, 2019, report on the Drug Enforcement Administration's Use of Administrative Subpoenas to Collect or Exploit Bulk Data, which was redacted from the publicly released report.

This report contains information that the public has a right to see. That is why we have been working with your staff for some time to release additional unclassified material contained in this report. Please provide us with a status update, and identify the specific barriers that are holding back the public release of this information.

Thank you for your attention to this important matter.

Sincerely,

Ron Wyden  
United States Senator

Andy Biggs  
Member of Congress
